

Scandinavian Association of Neurogastroenterology and Motility

“Hot topics in upper and lower neurogastroenterology and motility”

A one day meeting held at
Tivoli Congress Center, Copenhagen - Denmark
November 24th 2017 from 9.00 a.m. to 3.45 p.m.
Available within 15 minutes from Copenhagen Airport by train

This year the meeting is free for all doctors in training, participants from outside Denmark, and nurses.

More and more patients expect cures or elimination of their symptoms. In disorders of neurogastroenterology these expectations are often difficult to meet. This patient group is becoming larger as we are now aware of the population of IBD patients with IBS symptoms despite inflammatory remission. We still lack knowledge for understanding and treating disorders of motility and pain sufficiently. The way forward is as always: more research and systematic approaches in the clinic. So join us for this year’s update of the hot topics in neurogastroenterology and imaging guided by a group of international experts. As always, the day will be organized with:

- Lectures held by international experts
- Presentation of cases from the clinic with votes on specific questions stimulating discussions

The target groups are:

- Young doctors in gastroenterology and surgery
- Specialists in gastroenterology and surgery
- Nurses and others with an interest in motility disorders

We hope to see you,

Steering board of SAGIM

9.00	Coffee	
9.10	Welcome	Asbjørn Mohr Drewes, DK
9.15	Jubilee talk	Peter Funch-Jensen, DK
Session I: Defecation disorders - Master Class		
9.30	Defecation disorders	Anton Emmanuel, UK
10.20	Posters in the spotlight	Dag Arne, NO Susanna Walther, SE
10.40	Break and poster exhibition	
Session II: “Electroceuticals” and new techniques		
11.10	Incontinence	Peter Christensen, DK
11.35	Gastroparesis	Klaus Krogh, DK
12.00	Case	Mette Winther Klinge, DK
12.15	Lunch	
Session III: “This and that” in neurogastroenterology and motility		
13.15	Case: OIBD Asbjørn Mohr Drewes	Asbjørn Mohr Drewes, DK
13.30	Case: EoE food allergies Jan Hatlebakk	Jan Hatlebakk, NO
13.45	Rarities in the esophageal motility lab	Daniel Sifrim, UK
14.15	Break and exhibition	
Session IV: Diarrhea - Master Class		
14.45	Diarrhea	Ole Bonderup, DK
14.40	Case - IBS-D	Anne Krarup, DK Lotte Fynne, DK
15.30	Closing remarks	Mette Winther Klinge, DK
15.45	SAGIM general assembly
